

Kelin polyurea tile grout is a new overturning product. Due to POLYUREA's excellent wear-resistance, corrosion-resistance, yellow-resistance, high temperature resistance and other superior performance, it is widely used in the military industry, aerospace and vessels industry. In addition, it solidifies quickly, construction and clean edge in the same day, save time and labor costs. More importantly, it can be constructed in wet subbase surface, which greatly solves the problem that cannot construct because of climate and other reasons. Australia joint research and development products to make the better performance, and through the Chinese Academy of Sciences strategic quality control guidance, to make products' quality stable.

The product of [China tile joint sealant manufacturer](#) can be better used in the joints of ceramic tile, stone, glass, mosaic tile on the wall or flour in bathroom, kitchen, bedroom and so on.
